This listing classifies World Bank member countries and other economies with populations of more than 30,000. Economies are divided according to 2014 GNI per capita, calculated using the World Bank Atlas method. The groups are: low-income, $1,045 or less; lower-middle- income, $1,046 - $4,125; upper-middle-income, $4,126-$12,735; high income, $12,736 or more. ONS annually updates the international tiered membership application in July to reflect changes to the World Bank Index classifications after the World Bank's fiscal year ends on 30 June.
