

Superior Vena Cava Syndrome: An Education Sheet for Patients

Amy Walton, RN, BSN, OCN®

Have you developed a patient education tool that is effective in your practice? If so, consider writing for this column dedicated to different examples of patient education tools, particularly those about uncommon conditions. Possible topics include wound care, postoperative care for complex surgeries, and newer therapies. For more information, contact Associate Editor Jeannine M. Brant, RN, MS, AOCN®, via e-mail at jeannine.brant@svh-mt.org.
