About ONS

What is ONS? The largest oncology nursing professional organization in the United States that’s globally recognized as a standard-setting, trusted, collaborative, and culturally-sensitive partner.

ONS’s strategic priorities are to advance the quality of cancer care and the safety of patients and staff; and to grow the society by recruiting, engaging, and retaining diverse nurses who care for patients with cancer.

We serve people with cancer and those at risk for or surviving cancer. ONS is committed to providing the most comprehensive information to help nurses provide the highest quality care.

Who do we serve?

| 39,000 MEMBERS | spanning all practice settings and diverse roles |
| 100,000+ | member and non-member outreach |
| 30 | ONS online membership communities |
| 221 | local chapters |

ONS Mission and Vision

Our Mission: to advance excellence in oncology nursing and quality cancer care

Our Vision: to lead the transformation in cancer care through Innovation, Excellence, and Advocacy

What do we do?

Policy

- The nursing workforce
- Quality cancer care
- Scope of practice
- Patient access

Clinical

- Organizational Initiatives (Culture of Safety, Healthy Nurse Healthy Nation)
- Patient assessment and education tools
- ONS Standards and Guidelines for clinical practice
- ONS position statements
- Three top ranked journals
- Award winning books
- Online courses

Research

- Putting Evidence into Practice (PEP) - Evidence-based resource for symptom management
- Focus on implementation science
- QCDR and Quality Measures

For more information please contact Business Development at busdev@ons.org or visit ONS at www.ons.org/marketing-opportunities.
ONS Business Development supports the ONS mission through collaborative efforts to address clinical practice gaps. By providing innovative solutions to practice challenges, we create opportunities to reach oncology nurses and other healthcare professionals with current, evidence-based information on symptom management and new cancer therapies. In partnership with our Clinical and Learning and Development teams, we ensure that oncology nurses have the resources, knowledge and competence to implement evidence-based care and meaningful practice improvements.

## 2019 ONS Clinical Priorities

### Cancer Treatment

- **rapid response to new developments and approvals**
  - new drugs
  - combination regimens
  - USP <800>
  - hazardous drugs
  - oral agents
  - biosimilars
  - clinical trials
  - IO • CAR-T
  - biomarkers
  - targeted therapies
  - supportive care
  - radiation and chemotherapy

### Nurse Practitioner

- **prepare APNs to practice at the highest extent of their license**
  - NP role development
  - leadership development
  - health & wellness for nurses
  - NP training curriculum
  - NP competencies
  - needs of experienced NPs
  - oncology issues in primary care
  - mentorship for APNs new to role

### Survivorship

- **long term quality of life issues and transitions in care**
  - models of care
  - National Navigation Roundtable initiatives
  - transitions in care
  - survivorship clinic resources
  - long term symptom management and treatment adverse effects
  - Commission on Cancer standards
  - oncology nurse navigator needs

### Resources and Initiatives

#### Nursing Considerations

- new drugs and combinations
- targets and associated therapies
- immunology education
- safe handling resources
- nursing and patient care tools
- access to clinical trials
- underserved populations
- oral drug parity
- biomarker and target testing
- non-oncology providers

#### Screening Recommendations

- reimbursement
- diagnostic procedures by disease site
- APN considerations for new drugs/products
- support for nurse NPs
- non-oncology providers

#### Survivorship Care Delivery

- transition to primary care
- patient and caregiver information
- nursing and patient care tools
- non-oncology providers

### 2019 activities and formats

- **In-depth, interactive, live meetings**
  - chapter programs
  - regional events
  - hands-on workshops
  - simulations

- **Mid-length clinical discussion by experts**
  - webinars
  - podcast series
  - articles
  - specialty columns

- **Relevant, easy-to-use practice resources**
  - patient care tools
  - patient education
  - online/mobile resources
  - point-of-care resources

- **Short, effective clinical topic snapshots**
  - at-a-glance: hot topics
  - live Twitter chats
  - pocket cards/quick guides
  - infographics

Opportunities for Engagement

**Corporate Council and Industry Relations Panel**

The ONS Corporate Council is an exclusive, high-level opportunity available to a limited group of industry supporters, with a commitment of $140,000. In the spirit of true partnership, it was created to reinforce your company’s industry leadership and recognize your essential role in advancing the oncology nursing profession. Industry supporters may also join our new Industry Relations Panel, which offers two tiers of support at $50,000 and $25,000 per year.

**Clinical and advocacy podcasts**

Every episode, expert oncology nurses discuss topics important to nursing practice—like new advances in immunotherapy treatments, financial considerations, career development, evidence-based practice and supportive care. ONS podcasts average over 850 listeners per episode and reach 80,000 healthcare professionals through dissemination and awareness.

**Customized clinical resources**

ONS Business Development collaborates with supporters to create compliant, customized resources, education and clinical practice tools. Our team will work with you to align your business goals with identified needs of oncology nurses and patients.

**ONS Center for Advocacy and Health Policy**

Collaborative opportunities in advocacy and health policy:
- Regional and chapter advocacy programs
- ONS Capitol Hill Days
- Policy summits and policy briefings
- Advocacy podcasts, webcasts and videos
- Advocacy Highlights in Oncology Nursing (print and online)
- Resources to improve access to care and patient support

**ONS Global Strategy**

By combining member expertise, organizational experience and evidence-based educational resources, ONS has the unique ability to help nurses build the capacity to influence change in their own regions and to improve cancer care through professional development.

**Comprehensive clinical initiatives**

ONS develops comprehensive multi-year initiatives to address clearly identified clinical gaps in priority topics. These large initiatives provide tiered and progressive education to oncology nurses and other healthcare professionals at all levels of practice. ONS incorporates a variety of formats and learning strategies to provide in-depth topic coverage, engagement with clinical experts, point-of-care resources, and concise topic snapshots.

**Focus groups and advisory boards**

Skilled clinical facilitators guide participants to think deeply about real-world practice challenges through interactive discussion and pre and post-meeting activities.
- Clear objectives informed by real-world clinical practice
- Participants from diverse backgrounds and settings
- Dynamic discussions, case studies, and activities
- Fully developed outcomes and recommendations

**Cancer centers and institutions**

ONS provides customized education, training, clinical support and content licensing for cancer centers and institutions. Clinical experts will work with your team on guideline implementation and quality improvement projects with measurable results. ONS standards and guidelines support evidence-based practice and quality care.

**Oncology Qualified Clinical Data Registry (QCDR) and ONS Quality Measures**

The Oncology QCDR is a CMS-approved reporting tool to collect and assess patient data to provide real-time interventions, better outcomes, and adherence to CMS’s new quality payment program.

ONS collaborates with cancer centers and institutions to implement quality measures and facilitate quality improvement projects.

ONS quality measures can support:
- Enhanced care coordination and navigation
- Reduced ER and clinic visits for uncontrolled symptoms
- Quality reporting to Commission on Cancer
- Magnet accreditation or re-accreditation
- Staff development and quality improvement projects

**ONS Center for Advocacy and Health Policy**

Collaborative opportunities in advocacy and health policy:
- Regional and chapter advocacy programs
- ONS Capitol Hill Days
- Policy summits and policy briefings
- Advocacy podcasts, webcasts and videos
- Advocacy Highlights in Oncology Nursing (print and online)
- Resources to improve access to care and patient support
ONS Standards and Guidelines

ONS Standards and Guidelines provide the latest evidence-based information and guidelines to ensure the best possible outcomes at the highest levels of care. As a leading voice in oncology nursing, ONS is dedicated to providing these resources to nurses on the front line of cancer treatment and patient care. ONS Standards and Guidelines can be found on the ONS website at www.ons.org.

What type of programs qualify?

Nursing, patient and caregiver materials related to cancer, cancer care, or nursing are eligible for review, including:

- Non-CNE educational slide presentations, including those used for live events
- Disease state, symptom management and patient support information (non-CNE)
- Product support information for nurses, patients and caregivers (post-diagnosis)
- Non-CNE educational web pages (Note: Web sites with fluid or frequently changing content are not eligible.)
- White papers, supplements, articles and other content consistent with ONS Standards and Guidelines (non-CNE)

General Information

- The ONS Seal of Approval is valid for one year
- Branded and unbranded educational materials are eligible for review (post-diagnosis)
- ONS will not endorse products
- Content and materials must comply with PhRMA and other applicable regulatory guidelines
- Approved materials can include the company logo of the content provider and/or funder
- Accredited continuing nursing education (CNE) programs are not eligible for ONS Seal of Approval review
