

Clinical Trial Resources for Patients

- American Cancer Society
Provides basic clinical trials information, questions to ask the doctor and a clinical trials matching service.
<http://www.cancer.org/treatment/treatments-and-side-effects/clinical-trials.html>
- Cancer.Net
Provides general information about clinical trials and stories from people who have been on clinical trials. <https://www.cancer.net/research-and-advocacy/clinical-trials>
- CenterWatch
Offers access to health and patient organizations, blogs and support groups, and a glossary.
<https://www.centerwatch.com/>
- Food and Drug Administration
Provides online information about what patients need to know about clinical trials.
<https://www.fda.gov/patients/clinical-trials-what-patients-need-know>
- US National Cancer Institute Clinical Trials Information for Patients and Caregivers
Provides general information about clinical trials as well as information about finding a clinical trial, clinical trial results, paying for clinical trials, patient safety and other topics.
<https://www.cancer.gov/about-cancer/treatment/clinical-trials>
- US National Institutes of Health Clinical Research Trials and You
Provides basic information, volunteer stories and educational materials for children and seniors, and Spanish language materials.
<http://www.nih.gov/health/clinicaltrials/index.htm>

General Clinical Trial Information for Healthcare Providers and Research Teams

- AccrualNet
Contains descriptions and links to staff and patient education resources about clinical trials.
<https://accrualnet.cancer.gov/education>
- ASCO Clinical Trial Resources Library
Provides a repository of resources related to conducting and managing clinical trials.
<https://www.asco.org/research-progress/clinical-trials/clinical-trial-resources>
- ASCO Research Community Forum
Site to access resources related to the conduct of clinical trials and to connect with research colleagues about needs and best practices
<https://www.asco.org/research-progress/research-community-forum>
- Center for Information and Study on Clinical Research Participation Educational Materials
Contains brochures, videos and webinars to help professionals better understand research participants and educational materials to help patients better understand clinical research.
http://www.ciscrp.org/professional/store/brochures_main.html

Clinical Trial Search Engines

- US National Library of Medicine [clinicaltrials.gov](http://www.clinicaltrials.gov)
Designed to help search for clinical trials including information about a trial's purpose, who may participate, locations, and phone numbers for more details.
<http://www.clinicaltrials.gov/>
- World Health Organization Clinical Trials Search Portal
Provides access to a central database containing the trial registration data from around the world.
<http://apps.who.int/trialsearch/>

Several patient advocacy groups have clinical trial search engines and/or matching services. Here are the links to a few of them.

- BreastCancerTrials.org
<https://www.breastcancertrials.org/BCTIncludes/index.html>
- Colorectal Cancer Alliance
<https://www.ccalliance.org/colorectal-cancer-information/clinical-trials/clinical-trial-finder>
- Leukemia and Lymphoma
<https://www.lls.org/treatment/types-of-treatment/clinical-trials>
- LungCancer.org
