Dr. Regina Cunningham, PhD, RN, NEA-BC, FAAN, is an accomplished nurse executive, scientist, and educator who has made impactful contributions to advancing nurse practice and clinical care. She has extensive experience in the organization and delivery of nursing service across the care continuum, with particular expertise in the utilization of nursing resources in care delivery systems. Cunningham's keynote presentation will celebrate the profession of oncology nursing, reflect on the challenges of the past two years, and explore what the future holds for the profession, including the importance of the NAM Future of Nursing Report.

Wednesday, April 27, 2022

11:15 am–12:45 pm
Industry-Supported Lunch Symposia

1–3 pm
Deciphering the Specialty of Oncology Radiation
Precision Health: Progress and Pitfalls for Improving Person-Centered Care in Symptom Science
