

ONS Diversity and Inclusion Statement 2017

ONS is committed to ensuring the diversity of its board, staff, volunteers, and members. We define diversity in terms of race, gender, religion, age, national origin, sexual orientation, gender identity and physical abilities. We respect different experiences and cultures across this diversity and strive to create an environment in which all people feel supported, recognized, and rewarded in making their best contributions to the mission of our organization. We aspire to develop and implement ongoing plans for sustainable visibility, outreach, and recruitment to diverse communities. We will attract, develop, and sustain a workforce that values diversity and inclusiveness in all that we do.
